NUMBER 26,

Hamlin Wins Opening Game With Munday, Score 9 to 8

The Wichita Valley League is now under full way. Hamlin had her first tilt last Sunday with Munday and edged out a win by score of 9 to 8 over the Munday Mules. We say "Mules" for the lack of knowing what the Munday team is called. The Pipers are synonymous with Hamlin.

Below is the comment on the Munday game, as seen by one of the local official reporter:

In a free hitting contest, mixed with numerous errors, Hamlin defeated Munday at Munday in the first game of the season by a score of 9 to 8. The timely and long distanced hits of Wood, Rowland, and Ensey were the main features of the game. Rinker's defensive work was a thing of beauty.

WATCH HAMLIN PLAY STAMFORD IN HAMLIN SUNDAY

Introducing Hamlin's 1935 Model Ball Club you find at the top of the batting order a new player, who in early season, promises to become the outstanding center fielder in the league. In his first league game he hit a double, and a home run out of six trips to the plate, accounting for two of the nine runs made. His

fielding and defensive work was excellent, and his throwing from centerfield to home plate is something to remember to tell your friends about after the game.

Next in the batting order comes little "pepper pot", A. D. Ensey. A. D. in his first game of the season played in his usual bouyant style—always full of fight and always in on the play. His batting has improved considerably. The box score of the Munday game, shows three hits out of four trips to the plate—two singles and one double—with a sacrifice hit thrown in for good measure. Yes, A. D. will do to hold down second base.

Third in the batting order comes team. His name is Lac Coffee and one of the favorites from last year's he holds down short stop. His batting eye has not dimmed to any considerable extent as he hit twice out of five trips to the bat, made one run himself and drove in another. He will keep him around for a while.

The fourth boy in the line-up comes from Peacock, Texas. He, like A. D. Ensey, likes to play ball and plays like a ball player should. His position is third base. In his initial appearance he got on base every time he came to bat. He reminds you of Sam Baugh in as much as he isn't afraid to take one on some part of his body in order to get on base. His record shows that he got one hit in four trips to the plate, but scored two runs. His name is Ralph Hallums.

The first base job will be held down by Brad Rowland. Brad's fielding to date has been nothing short of sensational. He takes them from the air, either side, out of the dirt or what have you? His batting has shown a decided improvement over last season's. In our opinion Brad is due for a return to his usual batting average, near the top of the list. In his initial game he only hit a mere .750, which is considered good in some circles.

Arice Jones appears to be a fixture in left field, and while the box score does not show where he got a single hit, it does show where two runs were scored due to his efforts at the bat, and that is what it takes to win ball games, putting runs across the plate.

The seventh man on the batting list is H. O. (Andy) Anderson, who will hold down right field for the time being. Andy is another new man on the club and is being groomed to hold down the utility position. This position, as all old timers will tell you, is one of the hardest on the team, and receives the least credit. It takes a big man to hold down a position of this kind and with Andy around we know that it will be well taken care of.

The catcher's job will be filled by "Tiny" Rinker. Tiny comes to see

JONES CO. BOYS TO CCC CAMP

Twenty-one boys and six alternates reported to Sweetwater Monday afternoon, to become members of the CCC Camp.

Mr. Irvin Sanders, Commissioner of Pct. No. 3, furnished conveyance on a County Truck for the twenty-seven regulars and alternates which Jones County sent to CCC Camp on April 23rd quota.

All regulars were accepted and all the six alternates were turned back. Below is the list of the twenty-one boys who were sent from Sweetwater to Camps in Arizona:

Lee Roy Haley, Nugent, Geo. McDaniel, Hamlin, Phillip Jean, Lueders, Byron Lehw, Lueders, John Petty, Lueders, Chas. Favors, Hamlin, Harris Polk, Hamlin, Jimmie Thorn, Hawley, Doyle Whitworth, Avoca, Douglas Bates, Anson, Leo Mixon, Hamlin, J. L. Baker, Hawley, Jack Bushel, Stamford, Walter Abbot, Hamlin, Jack Bilberry, Stamford, Orvil Moran, Hawley, Pruel Smith, Stamford, Glen Baker, Stamford, Melvin Jones, Hawley, Othel Mize, Anson, Woodrow Jones, Anson.

us every week from Rotan, Texas, his home town. In his first appearance he drew from Ed Hennig the remark that he was the best catcher that he (Hennig) had pitched to in many a day, and it is our humble opinion that Hennig knows his catchers, as his experience in the major leagues as a pitcher should give him a fair idea of what a catcher should be. Yes, we will string along with Rinker.

The ninth, and last, man on the list is none other than Ed Hennig, termed by last year's club manager, Maurice Smith, as "The Old Fox." Those of you watched his pitching and base ball strategy last year will bear with us that the coaching and pitching will be amply taken care of.

The last, but not least is the Manager Perry Sparks, better understood as the "Financial Advisor". Perry too, has a keen eye and will keep the team "on its toes." Our prediction is that the team that wins more games than Hamlin's Pipers will win this season in the Wichita Valley League.

HONOR ROLL

HAMLIN HIGH SCHOOL

Dependable, constantly energetic and conscientious people generally succeed, if their ambitions are in line with their abilities.

Leaders are those ordinary people who give a little more of their time and energies thus sometimes sacrificing a few of the usual pleasures of life.

Your school is developing leaders, that are dependable and energetic and while many worthy students with the above qualities fail to make our honor roll, we are happy to present the following that do:

FIFTH SIX WEEKS

Grabbing For the Money

\$4,880,000,000.00 (means four billion eight-hundred, eighty million). Recently a Knott cartoon or illustration appeared in the Dallas News which showed a "human" family beside a field of emptiness, on the road of despair—a man, a woman, two boys and two girls and a dog—homeless and hopeless, yet each of them, even the dog resentful of life where there is no home and no comfort. Later another illustration by the same Cartoonist, in the same great state paper, showing over 300,000 tenant farmers looking longingly through a five-wire barbed fence at the 2,500,000 acre ranch, a soil full of the resources of life—more than enough for all . . . YET, and yet, they are still on the highway of despair.

In the cotton belt area of this country there are 1,800,000 tenant families, with 1,100,000 of this number white families. This white group of tenant families increased by 200,000 in the time between 1920 and 1930. Yet the negro families, as tenants, decreased by 2,000. Now there is a reason for the decrease in negro tenants—they have fallen below a chance to be tenants. This subject is too big to be discussed in a little country weekly, but the little folks in the little country weeklies are not so dumb but that they can see about as far and sometimes a little farther ahead than some of the so-called big fellows or "brain trusters" who are far removed from the actual conditions of life as it is.

It takes money to fight a war of any kind. And wars of every kind have been caused by the unquenchable greed of the human heart. Finally this nation has started on what we all hope and pray is the stretch before victory. If money, with its buying and spending power, however, so useless and wreckless, will revive a country, it does look like the huge amount set out above, provided for the last few days by Congress, is going to start us forward again. But sometime "forward" to the weak human eye is not forward but backward or regression instead of progress.

Right now from every nook and corner, every conceivable thing that will use up the nearly FIVE BILLION is being advocated and petitions and pleadings are going in to Washington for this, that and the other. Perhaps ALL projects are desirable and even useful but how many of them are essential, or how many enterprises calling for hundreds and hundreds of millions of dollars will help to lay the foundation for

spend FIVE billion dollars, or even three times that amount. It can be done almost before one can think of it. Every kind of dam-foolery imaginable, is seeking money and the danger is in the wrong spending. It might be left for a future generation to repudiate or suffer under its weight. As long as government money is spent whereby it will count toward family happiness and contentment it is not wasted, neither is it extravagant. Better to consume a hundred million or a hundred billion to build and hold up the human fabric than to let humanity and national resources go to waste. We have about concluded the present condition of so many million families in this country is NOT from the results of the World War but because of the lack of government to build up and keep up the social side of the nation.

Any sum of money used for any kind of structure, big or little, that does not go to the ultimate end of home-making is a failure. Gradually, however, it looks like the government is edging-in on the kind attack of the enemy that will amount to victory. It is going to take time but the basis of attack must be sound or the expenditure of money will mean but little. It is gradually being seen that enterprises of all natures cannot be permitted to make and keep making enormous returns net, while millions of humanity go hungry, half clothed, and densely ignorant. So the bulk of the recent Five Billions should be used for building humanity's structure. The building must of necessity be done on lines of semi-military control. The individual chance must be practical and reasonably safe from disturbance; the chance must be taken by the one needing it, on a voluntary basis; the chance for one to have a permanent place of abode, and a means of making a living may not come under the knowledge of one's experience, but he must be willing to accept the "chance" and abide by rules and regulations, even to the points of semi-military direction and inspection, if need be, to get himself "rehabilitated". To rehabilitate a human family takes time and various phases of education. To build back to "prosperity" on the lines of giving one a chance, show him how to take advantage of the "chance" and even getting him

The Rural Community Has Come to Town

The rural community and small city faces a new future. Electric service and all that electric power and light mean to home life, commercial and industrial development is now available for a more constructive and wider field of achievement.

Much work, planning, testing, engineering and large investments of capital was necessary in order to make this possible. Our 2600 miles of power transmission lines, interlacing 49 counties in West Texas and serving 160 towns and communities provide an adequate and economical source of dependable electric service with precise regulation to meet the requirements of modern day appliances.

Today hundreds of small West Texas towns and communities can offer to industry this modern electric service in proximity to its raw materials . . . two very necessary prerequisites for industrial progress.

We point with pride to our part in assisting the small towns and communities in this way, thus guaranteeing to them the same opportunities in respect to power as the larger metropolitan cities enjoy. It is our policy to fully co-operate with the small towns and communities we serve so that they may realize the full benefits accompanying and made possible by electrical development.

where he must follow up the "chance" is the only real foundation of recovery in this nation.

Already pressure is being brought to use the "money" for this, that and the other. And when the spending is all done, there will likely be as many downs and outs as we have now. Our trouble is deep rooted and nothing but sensible action and constant attention to the immediate future years, to almost force persons off relief roll into a life where they can use their own efforts to make a livelihood, will count. That can be done when the constantly growing millions of families are induced and enabled to start out on a basis where they can get a foothold and keep going.

Three Billion dollars used to either buy or to pay for long time lease on lands, to build homes, to buy live stock, tools, and other equipment to be used by the millions of dependent families, over a period of years (10 perhaps) would, under the proper set-up start our nation on a permanent era of prosperity. This would start every idle able bodied

preparing building materials, transportation, making tools, doing construction work, on farms and roads and a thousand things needed to start life "over again."

Unnecessary government building, fictitious public structures, and fantastic ideas of trying to stop the wind from blowing, preventing droughts, and a dozen other money-spending things smack of shortsightedness on the part of so-called statesmen.

If 1,000,000 families (one million) could be rehabilitated by spending three billion dollars, if it took as much as \$3,000 per family to secure the land, the stock, the tools, and start them off on their own production, this need not disturb the plans of the AAA. This would consume all the labor available in this nation. It would mean a constant turn-over of the money spent, for labor, for materials, for thousands of things, and even the government could not find enough live stock to supply the demand. Of necessity the distribution of this much money this way would require several years, and the

back their own independence. It would mean far more to a community surrounding a city to have \$300,000 spent for the permanent comfort of 100 families than it would to hastily erect a \$300,000 public building that might in the future stand in the midst of 200 hungry families. This is no idle talk. It is not an impossible dream. It is not an idea to benefit ONE class for it would directly benefit ALL classes and callings. And it is far more sensible to build families back to independent living than to construct anything else. If it took THREE billion dollars to start 1,000,000 families off with a basis of hope, home and happiness, it's good business to spend your net incomes to finance the appropriation. And if the bulk of Uncle Sam's appropriations are not spent on humanity's side, and that very quickly on a permanent basis our social structure of this age of civilization must change to accomplish that end. If money means anything, we had better be careful where and how it is spent.

MERRY MAKERS CLUB

Mr. and Mrs. W. C. Russell entertained the Merry Makers Club in their home April the twelfth. A delightful evening was enjoyed by all.

To begin the party, the guests were asked to search the rooms until they each found an Easter egg, on which was written their places at the tables. This, within itself, created much merriment, and started the party off in high spirits.

After four games of Eighty-Four were played, refreshments, carrying out an orange and white color scheme were served. Master Teddy, assisted his mother and father with the place appointments, and showed himself to be a most competent host.

Guests for the evening were Mr. and Mrs. Henry Albritton, and Mr. and Mrs. M. T. Hudson. Club members present were: Mr. and Mrs. Ira Clements, Mr. and Mrs. Fred Carpenter, Mr. and Mrs. L. H. Griffin, Mr. and Mrs. R. B. Wiar, Mr. and Mrs. Gordon R. Bennett, Miss Ella Temple, and the host and hostess.

The Herald has a nice letter and a pretty check from Louis Walker, of 5622 Cates Ave., St. Louis, Mo., asking that the Herald be sent to his address for a year. He is a son of Mr. and Mrs. Lennie Walker, reared in Hamlin, and a bully good fellow. Walker's letter paper indicates that he is in the retail stores of the Sears, Roebuck & Co.

Mmes. W. R. Calhoun, Ted Armstrong, B. M. Brundage, and Tate May, attended the meeting of the First District of the Federated Women's Club which was held in Mineral Wells Monday, Tuesday and Wednesday of this week. Mrs. Calhoun was the delegate from the Woman's Literary Club of this city.

"TEAM WORK"

Yes, there's plenty of team work in "Shirt Sleeves," and you'll say the same when you see W. L. Boyd making love to Sara Ella Nicholson—and does she respond. They even go so far as to get married and live—oh, shall we say happy? There is a romance that will thrill you. Come to get the thrills!

JUNIOR-SENIOR BANQUET

The Seniors wish to take this opportunity to express their appreciation to the Juniors for the beautiful banquet given to us at the Methodist Church, Thursday evening, April 18. This banquet will be remembered by all those present for years to come.

A promenade to the dining room, accompanied by the talented Hamlin Orchestra, marked the beginning of the evening, during which each found his place at the table. The green and white color scheme was carried out to a perfection. The tables were arranged in an artistic design and decorated with white carnations, and the most attractive centerpiece—a miniature design of the Hamlin High School building. The favors were also original and unusual. They consisted of a picture of the High School, and the letters H. H. S. mounted on the foundation, "Freshened Yet Beginning," the motto of the Senior Class.

The food also carried out the green and white color scheme very cleverly, and was served in three courses. The cocktail course, consisting of fruit cocktail, the main course of English peas, mashed potatoes, creamed chicken in patty shells, green beans, butter, rolls, and iced tea, and the third course of green mint ice cream and angel food squares was efficiently served by the Sophomore girls.

Directly after the meal our toastmaster, Mr. Gerald P. Morgan, kept the crowd laughing during the rest of the evening. His jokes were accompanied by others from different speakers. The program rendered was as follows:

Welcome ----- Mary Beth Moody
Response ----- W. L. Boyd
Solo ----- Irene Thompson
Toast to Seniors—Alma Gene Revis
Response ----- Miss Ruby Thompson
Piano Selection—Miss Edwina Gilbert
Address ----- Mr. G. R. Bennett
Greetings ----- Mr. W. C. Russell
Solo ----- Auviee Andrews
Farewell ----- Mr. C. G. Green

After the conclusion of the program each Senior girl was given a white carnation and the banquet was dismissed to assemble again at the Ferguson Theatre where everyone enjoyed Will Rogers in "Judge Priest." The theater was decorated for this special occasion and chocolate rabbits were given to all the guests.

Again the Seniors wish to compliment Miss Revis and her Junior Class for the huge success of the 1935 banquet. Long may it live in the

memory of the High School. Guests, other than the Junior Class and their sponsor, Miss Revis, the Senior Class and their sponsor, Miss Thompson, were: Mr. and Mrs. C. G. Green, Mr. and Mrs. G. R. Bennett, Mr. and Mrs. W. C. Russell, Mr. and Mrs. Roy Morris, Mr. and Mrs. Holmes Webb, Mr. L. D. Smith, Misses Francis Annis, Yeeta Mae Slayton, Irene Thompson, Mae James, Viva Milstead, Edwina Gilbert, Elva Ruth Wylie, of Dallas, Mrs. Pat O'Donnell, Senior Class Mother, Mrs. Routh, Junior Class Mother, and Mr. Gerald P. Morgan.

"SHIRT SLEEVES"

The seniors would certainly appreciate it if you would patronize them and the school by your coming out to see "Shirt Sleeves." And can't you bring someone with you? It is a play that will be well worth your time, your money, and your encouragement. We thank you. Remember the date, May 2. Remember the place, Hamlin High School Auditorium. Remember the play, "Shirt Sleeves."

Lady Went Back To Taking CARDUI and Was Helped

For severe periodic pains, cramps or nervousness, try Cardui which so many women have praised, for over fifty years. Mrs. Dora Dungan, of Science Hill, Ky., writes: "Several years ago, when I was teaching school, I got run-down and suffered intensely during menstruation periods. I took Cardui and was all right again. After I was married, when I felt all run-down and was irregular, I always resorted to Cardui and was helped." It may be just what you need. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Texas Lady Tells How
Black-Draught Laxative
Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. S. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theodor's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well." Your druggist sells this reliable laxative in both forms. "Children like the Syrup."

Dr. and Mrs. L. P. McCrary returned last week from a nice trip to Ft. Smith, Arkansas, and Tulsa, Oklahoma. They visited their daughter, Mrs. A. M. Rhodes and family in Tulsa.

HAVELOCK ELLIS, the writer, remarked that he would rather be praised for his cookery than for his writing. Well, there is a thrill in hearing your family say you're the world's best cook. And it's not always the difficult dishes that are the best—here's a easy to prepare, looks like the creation of a French chef and tastes like... well, just ask the family! It's a heaven-sent gift on Fridays when the family expects fish and you want to give them something just a little different.

Casserole of Salmon
2 tablespoons quick-cooking tapioca; ¼ teaspoon salt; dash of pepper; dash of paprika; 1 cup flaked canned salmon; 1 cup diced celery; 1 tablespoon minced onion; 1 cup milk; 1 tablespoon melted butter; 6 to 8 unbaked baking powder biscuits, rolled ¼-inch thick. Combine ingredients in order given. Turn into greased casserole and bake in hot oven (425° F.) 25 minutes, stirring mixture twice during first 10 minutes of baking. Place biscuits on top of salmon mixture after it has baked 10 minutes; return to oven, and bake 12 to 15 minutes longer, or until biscuits are browned. Serves 4.

BRIDGE TOURNAMENT

"SEVEN LOVING CUPS FOR WINNERS OF FIRST WEST TEXAS BRIDGE TOURNAMENT AT ABILENE"

ABILENE Texas, April 24.—The First Annual West Texas Bridge Tournament will be held in Abilene, May 4th and 5th at the Wooten Hotel, under the auspices of the Abilene Club. Organization of the West Texas Bridge Association will be perfected and officers elected at this tournament, which will be open to the public.

Registrations already indicate an enrollment of at least 300 players for the tournament. Which will be conducted in the club rooms, the colonial suite and the modernistic ball room of the Wooten. A good many registrations have already come in from out-of-town players, and large delegations are expected from Stamford, Breckenridge, Ballinger, Big Spring, Colorado, Coleman, Cisco, Hamlin, Sweetwater, Spur, Winters, San Angelo, Wichita Falls, Amarillo,

Midland, Eastland, Ranger, Mineral Wells, Lubbock and other towns. Eighty Abilenians are expected to play.

Players are to register Friday, May 3rd, and Saturday, May 4th, until one o'clock. The registration fee for all events is one dollar per person. There will be three divisions of the tournament: the pairs championship, the individual championship, and the team of four championship. A silver loving cup will be given to each of the winners, seven cups having been purchased and are now on display in the Abilene Club, on the third floor of the Wooten Hotel.

Ralph St. John and H. W. Weldon are co-chairmen for the tournament, which will be conducted under the direction of Mrs. E. Lillius, popular bridge teacher of Abilene. Committees in charge of arrangement, publicity, registration, reception, audit-

ing, rules and prizes have been appointed and are now busy working out details for the tournament.

Tournament chairmen for various towns are: Mrs. Dwight Hunter, San Angelo; Mrs. A. C. Cooper, Stamford; Mrs. R. L. Ragsdale, Childress; Mrs. Charles Trammell, Cisco; Mrs. R. A. Eaton, Spur; Dr. Mackechney, Wichita Falls; Mrs. Roy Maddox, Winters; Mrs. A. A. Williams, Big Spring; Mrs. Elliott Cowden, Midland; John Mouser, Eastland; Mrs. J. B. Driscoll, Amarillo; Mrs. Claude Lee McAllen and W. H. Martin, Abilene.

Towns not listed above are invited to select their own chairman and send in registrations at the earliest possible date to the Bridge Committee, the Abilene Club, Abilene, Texas. Information and entry blanks may be procured in person or by writing to the Abilene Club.

AT THE NAZARENE CHURCH

The last few weeks have been such busy times for us that we have neglected to announce our services, for we have been doing everything in our power to make preparations to get ready to commence, to begin our building program. Well, the above is about the way one who is as anxious as we are to again have our own church, feels about it, "Just a mere getting ready." But we will really and truly be ready to start in a very short time. And we take this opportunity to thank everyone who has contributed to our building fund in any way. And this is only the prelude to the thanks we will render through the Herald when the proper time is here for us to do so.

METHODIST CHURCH

Doubtless some would like to know if we reached our goal of three hundred at Church School on Easter Sunday. Yes, and no. The three hundred were there before the close but not in time to be counted when the class rolls were called. Two hundred and eighty-six were there on time. We were glad to have the late comers but would like for them to do it a little quicker next time.

The District Young People's Annual Meeting will begin its program Saturday, April 27th, at 6:30 P. M. See program below. We appreciate the fine spirit of co-operation, on the part of the membership in opening their homes for the visitors Saturday night and also in donating food for the two meals that will be served at the church.

Let's have our three-hundred home people at Church School at 9:45 A. M. Sunday and one-hundred visitors, a grand total of four-hundred; what do you say, can it be done? We'll see Sunday. Rev. Alfred Freeman, of Rotan, will preach Sunday 11:00 A. M. Let's give him a crowded house. He is one of our finest young preachers.

"SHIRT SLEEVES"

"Shirt Sleeves" is a true domestic comedy, honestly conceived and honestly written. It's uncannily accurate delineation of middle-class American life, balancing precariously between the dollar aristocracy above and the hand-to-mouth strugglers below, is far more true to life than any of the legion of apartment house comedies our stage has known.

Enclosed within this accurately reported sociological matrix, we find the theme of the play, the renaissance of a retrogressive family unit, whose integration has been weakened by times too comfortably far from the vigorous shirt-sleeve days of Old Jonathan, but whose fiber is still tough and resilient for re-weaving into a new integration. The approach of a new shirt-sleeve era in the family life may shake the weakened family structure, but good name, good traditions, and good character, the only stuff out of which the basic social unit may properly be composed—these will infallibly steady the family over the lean years and launch them with united strength upon a new cycle.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors for their many deeds of kindness and sympathy which were shown us in the illness and death of our dear husband and father, and also for the many beautiful floral offerings. May God bless each of you, is our prayer.

Mrs. J. T. Dunn and Children.

A TRIBUTE TO T. J. DUNN

April the fifteenth, Nineteen Hundred Thirty-Five
God called dear Tom from his earthly home, to his home on high To be with his Savior and join the Heavenly Choir.

While brothers, sisters and children dear
Will miss his loving smile and words of cheer

A host of kin, loving friends and wife so true,
Are left so broken hearted,
Since God has called for you.

I know you will be missed at home and church,
Where, in years past, you did so faithfully wor
But heaven, I know, is brighter by far,
And that is where we know you are.

We must be submissive to God's way and plan
So some sweet day we will understand

Why you were called away, it seems so soon
When your work on earth was in full bloom.

The casket was banked with flowers so rich and gay
In loving memory of him, who in the casket lay,
Though he did not see their beauty, or scent their fragrance rare
His spirit had gone to God who gave it, where flowers bloom more fair.

He has paid the debt we all must pay when it is due,

That is one note in this world we cannot renew

When our life on earth is ended, our bodies laid beneath the sod
Let us be prepared to meet our loving God.

Help us dear Lord to say not our will, but Thine be done
In taking from us our precious ones
That we may be prepared to meet them on high
Where there'll be no more sorrow and we'll never say good-bye.

The Herald has an expression from a reader at McCaulley calling our attention to the death of Mrs. H. C. (Nellie) Smith, mother of Ernest Smith, Principal of the McCaulley High School. She passed away week before last after a short illness with pneumonia. Mrs. Smith had been a resident of the McCaulley community for a long time.

MCCAULEY NEWS

The Junior-Senior banquet of McCaulley High School was held in the school building at Hamlin, Monday night, April 22, which was prepared and served by the home economic girls of Hamlin.

There were six tables with a May Pole on each with blue and silver streamers. The Juniors, Seniors, teachers and visitors crowned Lillie Akins, the most popular girl of the Senior Class, May Queen. The Seniors motto is "Service, the Key to Every Door," and a talk was made on "Service" by Mrs. Earl Andress, sponsor of the Senior Class, and Mr. D. R. Smith on "Doors."

After the banquet the Juniors gave the Seniors a treat by taking them to the theatre. Everyone was enjoying themselves immensely when the lights went out as a result of the lightning.

Those present were as follows:
Juniors—June Davison, Era Mae Martin, Maude Miers, June Barton, Melva Miles, Manon Jayroe, Lewis Earl Madden, L. C. Houghton, Vivian Pearl Madden, Florene Rogers, Pauline Shirlteff, Elaine Moss, Frank Maberry Jr., Wayne C. Clark, Doyle, Berry, and their sponsor, Miss Kenna Rector.

Seniors, Lillie and Lillian Akins, June Parker, Melba Hendrickson, Bernice Hendon, Raymon B. Tanner, Mrs. Earl Andress, Senior Sponsor.

Others in attendance were: Mrs. Eugene McCloud, Miss Mildred Butler, Miss Annie Ruth Eastus, Mr. and Mrs. D. L. Smith and Mr. Earnest Smith.

J. C. Turner, as Franklin Rand, is strong, tolerant, but not perfect. Capable of being tempted into too strong a security during times of prosperity, and into despair under diversity. Come out and see our J. C. act and then you'll say that he is a good actor as well as football star.

THE GIRL WHO LOCKED HERSELF OUT

That's Kitty or shall I say Leone Bowman who went to a milkman's charity dance on a winter's night and locked herself out. She almost froze trying to get in; however, she still had the warm and tender remembrance of Elmer (Kyle Watts) and that saved the night!

SOPHISTICATED LADY

"Shirt Sleeves" presents Imogene Howard as the "Sophisticated Lady" who finds it necessary to take a roadster to college with her. She finds time, somehow, to be courted by Sir Norman Aldrich or as you know him, Jack Farrow.

The Universal Car

ONE name comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service. . . . That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists. . . . Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile. . . . The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. There is no other car like it.
